

# THE CTSAC DIFFERENCE

Proudly serving the Carlisle Community for over 35 years!

Our team is dedicated to fostering a healthy, positive, and developmentally appropriate environment that ensures each child's safety, well-being, and happiness.

At CTSAC, we support personal growth in areas such as problem-solving, empathy, and teamwork. We promote respectful relationships through consistent expectations, while our structured daily routine provides a sense of security that helps children develop resilience.

## Key Benefits of CTSAC:

- Locally owned, small business
- Flexible scheduling options
- Lower child-to-teacher ratios
- Department of Human Services certified
- Partnership with the Carlisle Area School District

# FAMILY EXPERIENCES

*"As a single mother working full time and in school, I find the CTSAC Program to be such a blessing. This program not only allows me to get to work, but I feel secure knowing my child is safe. The CTSAC Program has allowed my son to express himself while interacting with kids of all ages. My son has been able to become close with the staff members as he participates in the CTSAC Summer Program as well. The staff are beyond amazing. They take the extra time getting to know each of the kids and what they enjoy doing. They know how to cheer my son up from a bad day and assist him in making creative arts and crafts to add to my unique collection. I can't say enough good things about CTSAC, we are beyond grateful."*  
- Aileen Harrison

*"ChildTime has been an incredible resource to my family! The staff is supportive, caring and nurturing. We have peace of mind knowing they provide a safe, engaging, fun environment for kids."*  
- Gwen Ross

*"CTSAC provides an amazing environment for my children. The staff have gone above and beyond to keep my children healthy and safe, nurtured and encouraged through learning, and supported our family through unprecedented times. I have no idea what we would have done without this partnership with CTSAC!"*  
- Jill Bentley
