Our Approach to Summer Thoughtfully planned. Child-centered by design.

Summer at CTSAC moves at a pace that makes sense for kids. Each day blends active play, shared experiences, and familiar routines so children feel comfortable, engaged, and supported from start to finish.

Our teachers truly get to know each child. As friendships grow and confidence builds, kids feel safe trying new things, stretching themselves, and just enjoying being kids.

By the time of pick-up, they're happily tired, full of stories, and excited to come back tomorrow.

Summer Highlights Include:

Swimming • Field Trips • Guest Speakers • Theme Days • Special Events • and more!
